Product Bulletin # CDS-016 Rev 1

Stabilizer Kit for CDS Operations with Non-Adjustable Link Tilt Assembly

Canrig has released Kit, Stabilizer, Single Joint Links, CDS #5104015.

This optional Stabilizer Kit is intended for Mk3 CDS tools equipped with a Non-Adjustable Link Tilt Assembly. The kit assists with aligning the Links with CDS tool center for the stabbing-in step.

For ordering information, contact truesupport@canrig.com.

The components subject to this product bulletin are:

Part #	Description
5104015	Kit, Stabilizer, Single Joint Links, CDS
860195-1	Link Tilt Assembly, Non-Adjustable, Torque Limiting, CDS

Associated Units

All CDS tools equipped with 860195-1 Link Tilt Assembly, Non-Adjustable, Torque Limiting, CDS.

Recommendation

1. Use the Stabilizer Kit when CDS Link Tilt Assembly accurate alignment is required to enhance the CDS stab-in step for 2-7/8" to 8-5/8" External Mk3 CDS tools.
2. The Stabilizer Kit may also be used when accurate alignment of the CDS Link Tilt Assembly is required to enhance the CDS stab-in step for 4-1/2" to 20" Internal Mk3 CDS tools. **The Stabilizer Kit is not applicable to 24" ICDS.**

Contact RIGLINE 24/7™ if you need assistance.
